je vais essayer...

```
./indigo_console
```

petit soucis :

```
lo@lo-desktop:~/telechargement/indigo_linux_v1.0.9_2$ ./indigo_console
```

```
/mnt/render_indigo/test_cube1.igs -n m
```

```
Indigo Renderer v1.0.9, Linux 32-bit Release build.
```

```
Starting server on port 7777...
```

```
Using base Indigo directory path &#039;.&#039;.
```

```
Scene file path: &#039;/mnt/render_indigo/test_cube1.igs&#039;
```

```
Using working directory path &#039;/mnt/render_indigo&#039;.
```

```
Loading Scene &#039;/mnt/render_indigo/test_cube1.igs&#039;...
```

```
Using Reinhard tone mapping with pre_scale=4.000000, post_scale=1.200000, burn=6.000000
```

```
Instruction illégale (core dumped)
